

# Allied Executives Mid-Year Economic Update Virtual Session with ITR Economics

This Event is for CEOs, Business Owners and Senior Level Executives

## KEYNOTE SPEAKER

### Looking Past the Fear and the Noise: 2020-2022

**Alex Chausovsky**  
Director of Speaking Services  
ITR Economics

Never has it been more critical for company leaders and key decision makers to have a clear, impartial, and data-driven perspective of how factors such as COVID-19 and oil price volatility will impact our economic future, and what they should be thinking about in preparation for that future. ITR Economics will help you see what the future holds as you move through the depths of this black swan period and seek the resumption of something approaching normal.

We will:

1. Examine the probable timeline for when the economy can move past the black swans and what shape the recovery profile is likely to take.
2. Connect the dots between the economic information and what it means for your business.

## VIRTUAL SESSION

# \$35

## PER PERSON
